

Park Policies

Parking: We provide free parking for our Guests. Parking for Guests with disabilities is available near the Front Gate at the south end of the parking lot. Please do not leave valuables in your car. Cliff's Amusement Park will not be responsible for damage or loss to personal property.

Smoking: Smoking is allowed in the park. However smoke free areas include all eating areas and standing in line at any ride or concession stand.

Weather: For the safety of our Guests and Crew Members, Cliff's Amusement Park will close certain rides and attractions during inclement weather. Many rides will remain open during a very light rain. Depending on the intensity of rain, wind or lightning some or all rides may close until the weather passes. Cliff's Amusement Park will reopen rides as soon as safely possible. Sorry, we do not offer refunds or rain checks.

Security: We reserve the right to inspect all persons and articles on Cliff's Amusement Park's property. Guests must adhere to all park policies.

Service Animals: are welcome in Cliff's Amusement Park. Animals must be in the owner's control at all times and must be on a harness or leash no longer than four feet. Owners are responsible for the cleaning and disposing of animal waste.

Attire: To promote a family atmosphere, clothing that is obscene or inappropriate will not be permitted. Shirt and shoes must be worn at all times.

GUIDELINES FOR GUESTS WITH DISABILITIES

We request that Guests with disabilities have someone who is familiar with their needs accompany them to the Park to assist them when loading and unloading onto rides.

DECIDE BEFORE YOU RIDE

Prior to participating on any ride, Guests should evaluate the ride during its complete loading, running and unloading cycle. From this evaluation they should consider their own individual capabilities. This evaluation should include:

1. The ability to withstand the forces resulting from the ride action.
2. The ability to comprehend how to load, unload, and participate on the ride, including certain effects the ride will produce
3. The ability to brace, as needed, against certain ride effects.
4. For your safety, please contact Management for assistance regarding rides which may not be accessible to certain disabled individuals.

It is important to realize that there is always a remote chance that a situation may arise which requires some walking or may require the participants to be removed from a vehicle during the course of the ride. Although these occasions are rare, please be aware of this and use discretion and good judgment. Guests have a duty to act in a responsible manner before boarding any ride, device, or attraction and to obey all oral and/or written warnings prior to and/or during participation. At some rides, Guests must be mobile enough to be able to evacuate themselves using catwalks or stairs.

Guests with disabilities and the person accompanying them should enter at the exit and wait for instructions. Before riding, please inform the ride attendant of specific needs or extra time that may be required to board or exit the ride.

Park Policies Continued

RIDE SAFETY

There are inherent risks in the participation in or on any amusement ride, device, or attraction. Guests of an amusement ride, device, or attraction, by participation, accept the risks inherent in such participation of which the ordinary prudent person is or should be aware.

The safety of our Guests and employees is the #1 Priority at Cliff's Amusement Park. Safety is a shared partnership between the park and our Guests. Guests are asked to review and use good judgment when considering the ride restrictions. The Management of Cliff's Amusement Park reserves the right to refuse to allow any Guest access to a ride which Management deems inappropriate for the individual. Please observe all caution signs before entering ride lines.

Please also note:

Due to the design of particular ride carriers, large Guests (in terms of height and/or weight) or Guests of unusual body proportions may be unable to ride.

Hearing devices and other electronic devices may be damaged by water on water rides. Please take necessary precautions to protect these items. Due to the fact that many rides vibrate, Guests should take necessary precautions to protect hearing devices and eyeglasses on all rides.

Please ensure prosthetic or orthotic devices are properly fitted and secured before riding. A prosthetic or orthotic device that becomes detached during a ride could endanger another rider and severely compromise the effectiveness of your safety restraints.

Guests may not ride on another's Guest's lap.

Line cutting may result in dismissal from the park.

A wristband does not guarantee access to a ride due to height restriction. Guests with wristbands will still be measured at the ride locations to ensure consistency.

Alcoholic beverages are not allowed in the park. Guests have a duty to not participate in or on any amusement ride, device, or attraction when under the influence of drugs or alcohol and a duty to properly use all ride or device safety equipment provided. Guests under the influence of drugs or alcohol will be required to leave the premises.
